

RECLAIMED WATER TO EVERY HOME

THINK PURPLE AND SAVE

In partnership with the City of Boerne, The Lookout Group has constructed Boerne's first reclaimed water tank rising over 150 feet above the community. Towering high over the tree line and Highway 46, the green tank is a symbol of Esperanza's commitment to sustainability and environmental stewardship.

HOW IT WORKS

Waste water is collected, treated, and used for irrigation throughout Esperanza

Residents can buy reclaimed water at a cheaper rate than potable water

820,000 GALLONS

of water stored in our tanks

20 MILES

of reclaimed water lines throughout Esperanza

\$25 MILLION INVESTMENT

for reclaimed water tanks and lines

240 MILLION GALLONS

of potable water saved per year

Equivalent to **364 OLYMPIC-SIZED** swimming pools

The first Texas Community to have

2 METERS

at each home.
